Hi Annie,

Thanks for submitting your ad for the [test campaign](#) campaign for review. This email is to let you know that the ad with the headline 'EpiVax, Inc.' will need to be revised before it can run on LinkedIn.

Creative

Here's what's wrong:

- Nonfunctional site: Do not advertise if:
 - the URL does not work
 - your site is under construction
 - the domain is for sale
 - visitors land on an error page (such as 404 or 405 error)
 - the URL leads to an email address or a file that requires an additional application to open

Please update the ad and resubmit it as soon as possible. Make sure that the ad content and URL follow the [Advertising Guidelines](#) and [LinkedIn Ads Agreement](#).

We'll review the revised ad as soon as we hear from you. If you have any questions, please [contact Customer Service](#).

Thanks,
